

## OHIO LEGISLATURE.

Under Ground Wire Bill—Ripper Legislation Don't Go—A Pipe Line Tax Bill. Special Dispatch to the Intelligencer.

COLUMBUS, O., March 1.—Senator Geyer introduced a bill to-day that will cause consternation among electric light and motor companies, as by its provisions all wires must go underground. The bill passed Mr. Shaw's bill providing that railway companies carrying sleeping cars shall be responsible for valuables of passengers thereon. It requires the passengers to deposit their valuables with the conductor, who shall have a safe. The Republicans of the house showed their objection to ripper legislation by defeating the bill of Mr. Workman to rip Harlan county. The bill introduced by Mr. James, of Wood county, a few days ago is to give his county taxation upon over one hundred thousand dollars worth of pipes conveying oil and gas from Wood county to Tiffin, Toledo and Fostoria. Senator Adams last year cleverly worked a measure exempting these pipes from taxation, and this bill of James is to overthrow it. There promises to be a warm response from Toledo, Fostoria and Tiffin.

The bill for an additional judge in the judicial subdivision of Guernsey, Morgan, Noble and Muskingum counties, is now a law. Judge Campbell, the defeated candidate for the last nomination, with several henchmen, lobbied the bill through.

A Pretty Wedding. Special Dispatch to the Intelligencer.

MARTINSBURG, W. VA., March 1.—A very pretty wedding occurred at Dunbar Hill, this county, this evening at 2 o'clock in the Presbyterian church, at which Miss Naumie Morgan Gold, only daughter of the late Hon. Samuel Gold, was married to Mr. Daniel Floyd Boswell, of Clark county, Va. The ceremony was performed by Rev. E. L. Wilson. The bridesmaids were Miss Grace Gold, of Berryville, Va., and Misses Bessie and Lillie Lamson, of Martinsburg. The groomsmen were Messrs. F. S. Gold, of Sioux Falls, N. D., D. Gold Shepherd, of Berryville, Va., and A. M. Lamson, of Martinsburg. Mr. and Mrs. Boswell left at 5:30 this evening via the Baltimore & Ohio for Spokane Falls, Wash., where they will make their future home.

A Mother's Dream Comes True. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., March 1.—Peter Sally, a deck hand on the steamer Resolute, was instantly killed a few miles below here this morning, and another man named Kearns badly injured. The two boats had tied up for the night, and the man Sally and Kearns got into a scuffle to loosen the cable when it parted and knocked them both into the river. Sally's neck was broken and his face crushed in. He belonged in Pittsburgh, and his mother had begged him not to make the trip as she had a strange presentiment that he would never return.

Killed While Logging. Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., March 1.—Taylor Wright, a well-known young man of Wirt county, met a horrible death yesterday while logging on Standing Stone creek. He was alone at the time, and when his dead body was found his faithful ox-team was standing beside him and a huge saw-log was lying in his path at the bottom of the hill. The life had been crushed out of the poor fellow instantly by the monster of the forest rolling over him. Wright was about thirty years of age and his home was at Burning Springs.

Whisky Caused It. Special Dispatch to the Intelligencer.

SAN FRANCISCO, March 1.—Thomas Douglas, an ex-policeman and devoted

inspector of customs, was arrested last night for stabbing James Flynn, an employee of the surveyor's office. Douglas, it is claimed, was under the influence of liquor. Flynn's wounds are believed to be fatal. Douglas was released on \$5,000 bonds.

## THE WHISKY TRUST.

Charged With Tampering With the Federal Grand Jury at Boston.

Boston, March 1.—A story published this evening says more surprises are in store for the people most interested in the whisky trust cases. Before another 24 hours have elapsed it is not improbable, so say those who are in a position to know, that arrests will be made on indictments found by the federal grand jury now in session and they will create a profound sensation. The indictments have resulted in the prosecution of whisky trust officials, and the charge is that of tampering with members of the grand jury and of attempting to prevent the finding of an indictment. The matter has been kept exceedingly quiet. District Attorney Allen does not deny that indictments have been found, so he merely says he can give no information.

## Wants Cheap Alcohol.

LOWELL, Mass., March 1.—Charles I. Hood said to-day: "The statement that I was a leader in fighting the whisky trust is not correct. I do not wish to be placed in the position of fighting this trust, or combination, but I want the right to purchase alcohol in the cheapest market."

## A Silver Bill Will Pass.

PROVIDENCE, R. I., March 1.—In an interview with a Providence Journal representative to-day Senator Aldrich expressed the opinion that a free silver bill will pass both the house and the senate at the present session and be voted by the President. He bases his opinion on the report of the house committee on rules fixing a special day for the consideration of the measure, and on his belief that a combination of Democrats, Alliance men and free silver Republicans in the senate will give the bill a small majority in that branch.

Fight on the Expressmen's Brotherhood. Special Dispatch to the Intelligencer.

CHICAGO, March 1.—A special from Cincinnati says: Orders have come from the east to the United States Express Company's officers here to open the fight on the brotherhood by discharging several messengers. ## MARTIN'S FERRY.

Council Meeting—Funerals—Personal and General Intelligence.

The regular monthly meeting of the City Council was held last night and considerable business transacted. A communication was received from the Bridgeport Electric Light and Power Company stating that by duplicating the machinery they would be in shape to supply Martin's Ferry with electric light, both are and incandescent and asking if a proposition would be entertained for supplying the same. Messrs. Summers and Smith of the Bridgeport Company were present and made a few remarks on the matter. A resolution was passed to entertain such a proposition. It will be presented at the next meeting, Tuesday March 7. An ordinance was read relative to vacating two streets in the Third Ward for the use of the Standard Iron Co. and was laid over until the next meeting, on account of the absence of the City Solicitor. Mr. Aug. Breidenstein was present and opposed the vacation of these streets. Mr. William Clark complained of the condition of the Burlington road, and of its occupancy by the railroads and private parties, and asked that this be looked into.

The remains of the late William Hammond were laid to rest in Weeks' cemetery yesterday. Rev. William Lewis, pastor of the Welsh congregation officiated. The casket, a splendid one, was covered with the American flag, the funeral being under the auspices of the Junior Order of Mechanics, of which the deceased was a member. The pall bearers were Elmer Moore, John Paxton, Benjamin Teagarden, George Ellis, Charles Long and Thomas Milligan, all juniors. The floral offerings were the most beautiful seen in Martin's Ferry for some time. The deceased was a popular young man.

The work of putting in a new foundation under the muck rolls at the Alana mill will be finished this week from present indications. The boiling department will go on next Monday if the rolls are ready. The department has been off two weeks.

Letter from Cyrus W. Field, Jr., 8 EAST 50TH STREET, NEW YORK, May 8th, 1883.

Several times this winter I have suffered from severe colds on my lungs. Each time I have applied ALLCOCK'S PLEURAL PLASTERS, and in every instance I have been quickly relieved by applying one across my chest and one on my back. My friends, through my advice, have tried the experiment and also found it most successful. I feel that I can recommend them most highly to any one who may see fit to try them. CYRUS W. FIELD, JR.

## USED THE HATCHET.

A Murderer Tries to Kill a Judge During a Trial in India.

BOMBAY, March 1.—A report of a most sensational occurrence in a court room was received here to-day from Nagpur (City of Serpents) capital of the Central India provinces. A murder trial is in progress there, the accused being a native of India. One of the exhibits of the prosecution was a hatchet which had been used in the commission of the crime. This implement was lying upon a table in front of the judge's bench. The trial was proceeding in due course when suddenly the prisoner sprang from the dock and seized the hatchet. Before the warders could regain their presence of mind the native sprang toward Judge Venner, who was presiding at the trial, and notwithstanding the efforts of the latter to ward off the blow aimed at his head, the native struck him, inflicting a severe scalp wound.

Finally, after a long struggle, with the aid of court attendants, the hatchet was secured and the man was securely manacled. During the contest some of the persons in the court room cried, "kill him, kill him," but the officers used no more violence than was absolutely necessary to subdue the prisoner. The scene has never been equalled in the courts. Though Judge Venner's wound is a bad one, scarcely any doubt is entertained of his recovery.

## BELLAIRES.

All Sorts of Local News and Gossip from the Glass City.

The Republican primary elections to take place in the various wards to-morrow evening are exciting more than the usual interest, because of the ward officers to be nominated, viz: councilmen and assessors, and there will likely be a much larger turnout than on many former occasions. The candidates for marshal are stirring up their friends, but independent of this contest there seems to be quite a feeling among the taxpayers to secure as good men as possible both for assessors and Council.

Bellaire people are discussing a bridge connection with Wheeling quite freely, but if the bridge is built it will not be with the aid of much Bellaire capital, for the very excellent reason that there is not enough of it here outside of the manufactories. But most of the people here seem to think that a bridge would be mutually beneficial.

James Tobin, another wife beater, was taken to the Zanesville workhouse yesterday by Marshal Shepherd to work out a fine of \$36 and costs imposed by Mayor McGowan. Tobin keeps a boarding house for Italians, and it is hinted has sold them beer on the sly on Sundays.

The glass workers' union here, merchants and citizens are subscribing to a fund to donate to Roderic Bros., to assist them in rebuilding their glass factory at once. The response is quite hearty, as everybody wants to see the works built up and operated again.

The Republicans will probably nominate Hunter Armstrong, Esq., for city solicitor, and the Democrats will nominate either George M. Woodbridge, present incumbent, or D. W. Cooper.

The city yesterday paid off \$5,000 of street paving bonds and issued \$4,000 for new paving recently completed. This is keeping the balance on the right side, but it is a close call.

Three car loads of powder have been shipped to S. O. Cummins here since the first of the year, but only one of them arrived. It came yesterday. The other two exploded.

There are three culprits in the Zanesville work-house from this county, two from Bellaire and one from Barnesville, and all were put in this week.

Deputy Sheriff W. N. Darby was here yesterday summoning witnesses in the criminal cases against Manley, Laville and Rock.

James Fitton is in Cadiz this week at work on a plumbing contract.

County Treasurer Frank B. Archer was in town yesterday.

A Little Girl's Experience in a Lighthouse. Mr. and Mrs. Loren Trecoott are keepers of the government lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery, and after the use of two and a half bottles was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at Logan Drug Co.'s drug store.
